Deadline for entry is Sunday April, 25th.

Here's how it works:

The Teams:

Players will be ranked by their GHIN Index. The player pool will be divided in half with the lowest 50% being designated as "A/B" Players and the other 50% being designated as the "C/D" Players.

Every "A" player will be randomly drawn and matched with a randomly drawn "B" player to create a 2-person team for day one and randomly drawn again for a 2-person team for day two.

Every "C" player will be randomly drawn and matched with a randomly drawn "D" player to create a 2-person team for day one and randomly drawn again for a 2-person team for day two.

The Game:

Each day the 2-person teams will play nine holes of 2 Man Best Ball and nine holes of 2 man scramble play. Each individual player will carry the net score from day one forward and combine it with the net score from day two for an overall tournament score.

Winnings:

- ❖ Daily payout for the two lowest scoring teams each day
- ❖ Individual A/B & C/D flight winners for the overall tournament
- ❖ Number of winners' dependent upon the number of tournament entries
