

SCF Men's Golf Club

Tee Box Selection / Change Form

Upon the implementation of the World Handicap System by the USGA in 2020, the Men's Golf Club Board adopted a policy to minimize frequent changes to an individual's Tee selection for Game Day Events. This was in recognition of the fact that handicaps would become more stable and frequent adjustments should be unnecessary.

Tee selection is initially noted on the new member application. The Board also recognizes that there are reasonable instances when a Tee choice may need to be updated. This form may be used to establish or change your Tee Selection.

Open periods for change requests will occur in December and at Mid-year in June. Upon receipt by the membership chairman, changes will be provided to the Pro Shop for updates to GolfGenius within 10 days.

Requests outside the noted open time periods may still be submitted to the membership chairman for review and approval.

Verbal requests for changes through the Pro Shop will not be accepted.

Name: _____
